What we do.

All employer needs are different. That's why we pride ourselves on our ability to provide customized plan designs to meet those unique needs. We offer a complete and flexible portfolio of health and life plans for both large and small employers. Our brokers come to expect it. And we deliver.

Dental

We maintain a variety of affordable plans to fit many budgets. We offer both Dental PPO and Indemnity plans for businesses with two or more lives. You'll find great rates, vast networks and the same superior customer service.

Vision

Offer employees the freedom of choice to see any provider with our Indemnity Vision plan. Or access our PPO plan network of more than 40,000 EyeMed Vision Care® providers. All members also gain automatic access to the EyeMed discount program and the QualSight® LASIK network for additional savings.

Life

Our Group Term Life policies are customizable for employer-sponsored or voluntary groups with two or more employees enrolling. With AD&D and accelerated death benefit options, we provide multiple levels of coverage that are just right for your groups.

Short Term Disability

We provide that financial safety net as employees recover from a non-work-related injury or illness. And creating your own plan is easy. By selecting the benefits you want, you can provide your groups with even more choices and flexibility.

Medical

We offer HSA-compatible High Deductible Health Plans (HDHP) with access to large national or regional PPO networks. Plus, members gain instant access to a wraparound network – one of the largest in the nation – that gives them extra assistance when they are outside their primary network service area.

Often when you bundle medical insurance together with ancillary lines, you get great rates on medical but then pay for it in higher ancillary rates. For additional savings, bundle your ancillary lines separately and ensure your groups are getting the best possible rates.

We also offer Administration Services Only, Third Party Administration and Medical Stop Loss programs.
